

Technologist, Milling – Full Time (Permanent Position)

Competition Number 21-04

This posting is for a full-time, permanent position for a Technologist who will assist with work related to activities in Cigi's Milling department. Reporting to the Manager, Milling, the Technologist, Milling will assist with milling / processing of wheat and pulse samples.

Duties and Responsibilities

- Conduct a complete milling process (with or without assistance) by receiving wheat/pulses (up to 1 ton in weight), preparing it for milling, operating milling equipment and bagging and storing finished products and by products (up to 40 kg in weight).
- Conduct milling for fee-for-service activities and other research projects.
- Perform preventative and scheduled maintenance on equipment in the milling and pulse processing areas.
- Conduct data analysis and provide feedback to the Manager that will be useful in completion of a project.
- Prepare and present on topics related to laboratory, pilot and commercial milling to program participants.
- Participate in international missions.
- Provide milling related technical support to existing and potential domestic and international customers.
- Co-leads or Chair technical exchange programs.
- Conduct demonstrations and tours of the Milling department and other technology areas.
- Provides general housekeeping for milling and pulse processing areas.

Position Requirements

The ideal candidate is a dynamic, results oriented and innovative individual with 5 to 7 years of work experience in a commercial milling environment. Completion of a milling course, given by a recognized training organization (nabim, KSU, IAOM, Bühler Training Center, Swiss School of Milling etc.) is highly desirable. The successful individual will have demonstrated the ability to develop and maintain effective working relationships and possess excellent communication (verbal and written) skills. Analytical, decision-making, problem solving, and planning skills are also critical. The candidate must be able and willing to travel both domestically and internationally.
